ARTS AND CRAFTS
COMPETITION OPEN TO
ALL AT STATE FAIR

The Arts and Crafts Show at the 1963 Mississippi State Fair, to be held in Jackson, October 7-12, is competition open to all Mississippians. The number of entries received each year indicate the popularity of this exhibit and the widespread interest in it.

Of special interest in the exhibit is the 1963 National Cotton Bag Sewing Contest sponsored by the National Cotton Council of America and the Textile Bag Manufacturers Association. The contestants are subject to regulations of the Arts and Crafts Department of the Mississippi State Fair.

There are six entry classes and there will be first, second and third prizes in each class. The person receiving the greatest number of first place ribbons will be selected as the winner and will be given a sewing machine; she will also be eligible to enter the national contest held later. Special class for teen-agers only (13 to 19 years) - Dress, any style. All entries in this cotton bag sewing contest must be made entirely of cotton bags except for such trimmings as buttons, tapes, rick racks, braids, etc. Trim must be cotton where possible.

Applications for entry blanks can be placed with Home Demonstration Agents who will forward them to the Fair or they may be obtained from the secretary of the Fair. Upon receipt of application for entry blanks, identification tags will be mailed to the exhibitor.

Mississippi craftsmen have a wide variety of classifications in which to place specimens of their handwork. Included are: rug, quilt, crocheted, knitted, metal work, needle work, basketry, weaving, chain, resewing, painting with permanent pigments and enamels.

General rules and regulations provide that all specimens entered must be the handwork of the exhibitor and must be articles made in 1962 and 1963. All products must reach the Mississippi State Fair between 10:00 A. M. and 5:00 P. M., Friday, October 4. No exhibitor will be awarded more than one prize under one lot number.

MISSISSIPPI
DEMOCRAT PLAN
FUND-RAISING DINNER
OCTOBER 15

Mississippi Democrats will gather in force on Tuesday, October 15 in the coliseum at Jackson, for a statewide fund-raising dinner, as a part of their current campaign to "stamp out" Republicanism from Mississippi for another hundred years.

The keynote speaker at the dinner will be Mississippi's Democratic gubernatorial nominee, Honorable Paul B. Johnson.

All Mississippi Democratic nominees for state and district offices and for the Mississippi State Senate and House of Representatives, whose names will appear

on the November 5 general election ballot, will be introduced and Governor Ross R. Barnett, titular head of Mississippi Democrats, will introduce the keynote speaker, Henry Harris, militant editor of the West Point Daily Times-Leader, will be master of ceremonies of the event which will begin at 7:30 o'clock p. m. in the new Mississippi Coliseum.

All Mississippi Democrats are invited to attend this statewide fund-raising dinner at \$25.00 per plate. Tickets can be secured from Marvin E. Collum, Jr., Treasurer, E. O. Box 291, Jackson, Mississippi.

SOIL
CONSERVATION
NEWS

The soil conservation district of Hancock County accepted two farms into the district programs in August, 1963. They were Mr. K. Lee of Leetown and Mr. George Cameron of near Dedaux. These farms represent 400 additional acres to be planned for soil and water conservation.

One plan, Mr. Emil Bertucci was progressed to a basic plan, where in all the land will be treated the conservation way for better

than before. Rain of a gentle nature was greeted warmly by all the farmers in the county last week. Hay, pastures, and other crops were suffering from the lack of moisture, throughout the county. We regret the loss of one of our devoted friends, and soil conservation district commissioner, Mr. Fitzhugh Lee, of Leetown, Sunday, Sept. 15, 1963. He will be missed by all.

Reports coming in tell of nice catches of fish most everywhere. Out at the marshes fish are being caught every day. Speckles are running normal, but some large ones are in the catches. As soon as the weather cools a bit, fishing outside should be at its best.

Speckles, white trout, flounders, large bull croakers are being caught in Jordan River as well as the usual run of small fish, better known as bait stealers. Green trout are also striking and being caught by fly fishing and with bait.

Trotting for both green trout and speckles should start soon as the weather gets colder. With the first part of the dove season open there seems to be very few doves. According to Nicky Rauxet and his hunting buddies practically no doves were seen. He killed five. Opening the season in this hot weather seems foolish. Why not cut out the first part of the season and give the hunters a longer period. A hunter might be nuts to go out for doves when he is wet with sweat, eyes blinking from the sun and no doves in sight. Old timers know better. Don't be impatient. There is plenty of time left when it's a pleasure to be in the woods when everything is ideal.

Speaking of doves, they are migratory birds and are protected by federal laws. We have had federal game wardens in our mist so you had better obey the limit or suffer the consequences. Doves are wonderful eating birds but are rather expensive with shells selling here at over \$3.00 per box. Reminiscing, we remember when shells were 45c a box for black powder. When shooting at doves, quail, etc., you had to fall on your stomach and wait for the smoke screen to rise to see if you killed your object. Those were the happy days according to some.

Checking on the fishermen, August Rauxet, son Keene, Luke, and Dee Elliott caught over 150 lbs of speckles Saturday. It was a full day and the fish were cooperating beautifully. It is interesting to listen to the post mortems when a fish got off such statements as why did he get off? Better check the hook. Nothing was wrong but you just can't catch them all. Give the poor fish credit for a little brains.

Hank Evans and yours truly caught some nice salt water fish up Jordan River over the weekend.

Among the catch was a 3 and one-half pound flounder. Lost another one of our old time fishing partners this week in the death of Chris Reah. Chris loved his fishing and spent many days at his favorite pastime. Sympathy is extended to the family.

The Louisiana State Board of Health warned rabbit hunters to take precautions against tularemia - rabbit fever.

The hunting season for rabbits opens Oct. 5. Rabbit fever is usually contracted by handling the body of an infected rabbit or eating the undercooked flesh of a rabbit with the disease.

Through Sept. 7 of this year, 11 people with the disease have been reported to the State Board of Health - one more than during the same period last year.

Symptoms of the disease in humans are chills and fever, enlarged and sometimes abscessed glands and extreme exhaustion. Hunters are cautioned by the board to burn or bury any rabbit which has peculiar whitish spots and to cook all wild game thoroughly before eating.

Times Picayune. This is an important warning and should be heeded by you local hunters in Mississippi.

According to hunters covering the woods quite a number of rabbits have been seen. Rabbit hunting should be pretty good this year. Nothing in my estimation is better than stewed rabbit and sweet potatoes, especially eating with hunting buddies on a good old camping trip. Everything tastes better in the outdoors when you are really hungry and the beer really cold.

Next Saturday there will be a handicap tournament at Pass Christian. Isles Golf Club. Friends will enter the tourney and will make up their own foursomes. A good time is in store for everyone. Of course there will be eats, prizes, etc. The course is in good shape, thanks to pro Cal Smith and Louis Tregre, manager. Members of the board are always on the job.

Alden Mauffray and John Scalfide, Jr. made a nice catch of fresh water fish up Pearl River way Sunday. They usually get their share.

Sorry to hear of the illness of our golfing partner, Joe Plunkett. Better hurry and get well Joe. We miss you.

It's a pity we don't have a school to teach would be fishermen how to handle a boat, drop the anchor quietly, drift into a spot where other are fishing without disturbing the water and driving the fish away. Talking, singing or even yelling don't hurt fish but any kind of vibration, such as dropping oars and soft drink bottles on the bottom of the boat is murderous to catching fish. Courteous to others helps fishing immensely. You may catch more fish also.

Mrs. Joe David and Sis Dam-

brink of Pass Christian are ardent soft crabbbers. They go on every occasion and usually catch their share. Haven't done so well lately however, they said don't give up, you have lots of company in the same boat. Getting rather late in the season for soft crabbing.

Don't smoke before a lady. They usually do it first nowadays.

MRS. EMILE BERTUCCI

Shirley as she is most affectionately called is a good all around sport. She enjoys fishing, horseback riding, entertaining guests, swimming and most of all roaming the woods with her children of which she has nine. The two eldest are twin boys about 16 years old. Her husband is a lucky man because Shirley even paddles him as he fly fishes. She said a recent trip to Hawaii was something out of this world. She even showed us how to fry coconut meat like potato chips.

The old saying is "You are never too old to learn," said Shirley. Mrs. Bertucci really loves the outdoors and is the second lady sportsman to appear in this column.

Hear Ye! Hear Ye! The Bay High School homecoming royalty has been chosen. Sandra Williams will reign as queen and the following will be her maids: Charlotte Ladner, Melva Luke, Terry Gantel and Pat Miller.

Hats off to Messrs David Mark-ey, Charles Perry and Henry Deville for helping out with the joint C. Y. O. dance this past Saturday night at St. Clare Waveland.

A little birdie told me that Virgie Benigno is having a blast at L. S. U. One of her main activities is the Newman Club, under the direction of her former English teacher, Sister Mary Peter.

Honor is upheld B. H. S. beat Pearl River Central Saturday night 20-0.

There is going to be a real blast Friday night on Bay View Court following the pig skin chase.

Have we completely kicked out polio? If you haven't taken the vaccine as of yet, please make arrangements to do so.

BAY HIGH WINS THIRD STRAIGHT OF SEASON

The Bay High Tigers completed their third game of the season undefeated and untied, against the Pearl River Central Blue Devils of Carriere who lost their first two games.

Bay High took the opening kickoff and marched downfield with Johnny Pinton and Dick Watts, leading the attack, but was held on the 10-yard line of the Blue Devils.

The first quarter ended with no score, with 1:04 minutes remaining in the half, Leroy Luke took a punt on PRC's 40 yard line and set the stage for the victory. Bay High failed the point after touchdown.

PRC took the ball on their 20 yard line and started a drive that ended on the Tiger 16 yard line with time running out. The Tigers held a 6-0 lead at half-time.

Early in the second half Bay High started a drive from their own 35 yard line that ended with Stanley Burch plunging over from the 2 yard line. Bay High converted the point after making the score 13-0.

A few minutes later Bay High struck again with Johnny Pinton tallying to make the score 19-0. The point after was good. The third quarter ended with the Tigers in front holding a lead of 20-0.

Later in the fourth quarter the Tigers scored again with Dandy Krankey. Again they converted for the point after.

The game ended with the Tigers in front 27-0.

ROCK-A-CHAWS LOSE OPENER TO HAHNVILLE, 20-0

The Rock-a-Chaws opened their 1963 gridiron season, Saturday night against the Hahnville Tigers in an interstate football contest.

The Rock-a-Chaws and the Tigers went through a grueling battle in the first quarter with neither team scoring.

The second quarter began with the Tigers deep in the Rock-a-Chaws territory, but the Rock-a-Chaws put up a strong defense and held the Tigers on the 7 yard line, and took over on downs and fumbled with the Tigers recovering.

The Tigers then managed to score on the fourth down and goal with Jan Madere going from the four yard line. They converted and led 7-0 at intermission.

The Rock-a-Chaws receiving the kickoff in the second half were forced to punt to Hahnville. Dusty got off a Hahnville beautiful punt that traveled 40 yards in the air. Gordon Landry took the punt on his own 35 and scampered the distance for the score. The Tigers failed the point after.

The Tigers of Hahnville held the third quarter with a lead of 13-0.

With 1:04 remaining in the game the Tigers again tallied, going back and throwing a twenty-yard pass to David Mathern. The Tigers made the point after. The game ended with the Tigers in front 20-0.

YOUNG PEOPLE ELIGIBLE FOR FHA OPERATING LOANS

Eligibility requirements of farmers Home Administration have been liberalized which will permit the making of operating loans to young married couples who wish to get established in farming. Eligibility requirements now include farm background and training. This will permit making loans to young applicants who have had farm training in vocational agriculture and 4-H Club Work in high school or training in agriculture in college.

The average age of farmers in Mississippi in 1961 was 51.2 years with 18 percent of the farmers being over 65 years of age.

With farm operations getting larger and more money required to establish a person in farming, the Farmers Home Administration is becoming of increasing importance in helping establish young married couples in farming, stated Max H. Stone, County FHA Supervisor. As farms become fewer and larger, more investment, both capital and operating, is required. The Farmers Home Administration can assist these young married couples in getting established in farming and graduate to conventional sources of credit.

Young married couples who can obtain land resources, either by renting or owning, and cannot get the needed operating credit, should contact Mr. Stone, County FHA Supervisor, at Bay St. Louis, Mississippi.

HOW FAST CAN YOU READ THIS?

Instructed by modern techniques and devices, Bill Carmack, front row, wearing white sweater, reads at rate of 10,000 words per minute.

Can a boy who was reading 280 words a minute so improve himself that within the course of a single term he brings his rate up to the astonishing speed of 10,000 words a minute?

Is it possible to read a history book in school at 5,000 words a minute and still have 90 per cent comprehension?

Would it take you five seconds to peruse 1,000 words as William Carmack, newly graduated from South Hills High School in Pittsburgh, has done on camera? He would read this piece of approximately 400 words in about two seconds, remembering all salient points.

Young Carmack, a crack varsity swimmer and co-captain of his team, is an augury of things to come in American education for both young men and women, according to his teacher, Miss Elsie M. Murphy.

NOW TEST YOURSELF

In blank spaces in each of the following sentences, fill in the word or words which correctly complete the sentence. Count five points for each. Total: 20.

1. Bill Carmack was reading 280 words a minute before he was able to average _____ of his team.
2. Carmack is not only brilliant in speed but is a swimmer and _____ in the water.
3. Miss Elsie M. Murphy, Carmack's teacher, believes that people _____ in the future.
4. Young Carmack will demonstrate his skill on "An Experiment in Excellence" over NBC-TV on _____ as part of a broad study of education.

STENNIS ANNOUNCES BIG MOVE TO CONTROL FIRE ANT

WASHINGTON - Senator John Stennis said the Senate Appropriations Committee has approved a stepped-up program for eradication of the destructive fire ant.

Stennis, a member of the Agricultural Appropriations Subcommittee, said the increased appropriation will provide for an accelerated program to knock out this unwelcome pest from the Southland.

The fire ant, which was believed to be imported into the United States through the port of Mobile in 1918, has spread across 30 million acres in nine Southern states, including five million acres in 53 of Mississippi's 82 counties.

For the past several years, Mississippi has worked through a

cooperative program to rid farm and pastureland of the vicious fire ant.

The State Plant Board and the U. S. Department of Agriculture's Plant Pest Control Division have worked with county and city governments and with local property owners to curtail the spread and to knock out the ant in a widely successful program.

Manufacture of a new and effective fire ant and bait known as Mirex has helped to control the fire ant, Stennis noted in reports from agricultural leaders. The new bait, composed of corn cobs, soybean oil and only one-third gram of Mirex per pound, is manufactured by Allied Chemicals at Prairie, Mississippi. Stennis said he hopes final congressional approval will be given to the amount reported by the Appropriations Committee for pushing ahead with the fire ant eradication program.

Nice Things Happen to Systematic Savers

Ever notice how it is with some families? They always seem to have the money to go off on the most exciting vacation trips, buy and furnish the nicest homes, give their children the best educations. Often the answer is not to be found in the size of their income, but in what they DO with it! By systematically saving part of it, they manage to have "what it takes" to enjoy the best things of life. If they save here (as many do) where their money earns interest.

NORTH CENTRAL DEFEATED BY STONE HIGH 21-13

Stone High of Wiggins defeated Hancock North Central Hawks 21-13 in a Gulf Coast Conference football game Friday night at Perkinson's A. L. May Memorial Stadium.

Coach Davis Melton's Tomcats, chalking up their second victory to go with one defeat, scored once in the second quarter, once in the third and once in the fourth period.

North Central got single touchdowns in the first and third quarters.

The Hawks jumped off to a 6-0 lead in the first period on a 22-yard pass from quarterback Roy Peterson to end Berlin Ladner. The extra point attempt failed.

In the second quarter, quarterback Alfred Rath passed 38 yards to end Robert Taylor for Stone's first score. The pass climaxed a 65-yard drive.

Halfback Steve Daniels added the extra point on a line plunge to give Stone a 7-6 lead.

North Central again took the lead in the early moments of the third quarter when halfback Werlin Ladner raced 64 yards for a touchdown. Peterson passed to end Wendell Ladner for the point after touchdown and a 13-7 North Central lead.

Later in the third quarter, however, halfback David Cobb took a Hancock North Central punt on his own 12-yard line and raced 38 yards for a Stone touchdown. Rath got the extra point on a quarterback keeper to put Stone ahead 14-13.

The game's final score came on a 20-yard pass from Rath to end David Pearson. Cobb added the extra point on a line plunge.

Hancock North Central will entertain Bay High next Friday night.

Making Business Better for Everybody

United Gas consistently advertises the vacation attractions and the industrial advantages of the Gulf South... to bring more people and more money into the cities and towns of Texas, Louisiana, Mississippi, southern Alabama and northwest Florida. The advertisement shown below is one of a series which started more than 24 years ago. We think this campaign is, indeed, making business better for everybody in the area we serve.

United Gas

Plan your Fall vacation in the Gulf South, a land of sparkling contrasts. On one hand are gleaming skyscrapers and towering superhighways. On the other are historic old forts, live oaks dripping with Spanish moss and charming touches of the "Old South." While you're here, check on the advantages offered to new and expanding industries—shipping facilities, diversified raw materials, the cooperative attitude of workers, government and local citizens. There's a place for you new plant in the portions of Texas, Louisiana, Mississippi, southern Alabama and northwest Florida served by United Gas.
